This chart represents the dues structure adopted by the National Confectioners Association's Board of Trustees.

*To determine the amount of your 2021-2022 membership dues, please find the range that includes your estimated 2020 confectionery sales (the total amount of revenue produced by the sale of confectionery or cocoa products within the United States). International companies only have to estimate the amount of sales made within the United States. Domestic manufacturers do not have to include sales of confectionery to countries outside of the U.S.*
